6th Annual Conference!

Law of the Rio Grande

Stay Informed About Our Grand River

January 27-28, 2005 • Hyatt Regency Hotel • Albuquerque

Featured Presentation!

**River of Complexity:
Environmental, Legal,
Social and Economic Issues**

Kathleen Hartnett White
Chairman

Texas Commission on
Environmental Quality
Austin, TX

Dear Colleagues,

Like the river itself, the problems and challenges facing the Rio Grande are ever-changing. As the population grows, water dwindles, nations blend and compacts are challenged, the land and its people become still further stressed. What changes must be made? And do the answers lie within the range of changes that have been contemplated so far?

As a water professional, you know how important it is to stay informed about our grand river. This year we have assembled a highly-regarded faculty of lawyers, scientists, and policy specialists who will provide you with the tools to understand and incorporate the expected changes and answers into your professional practice.

We look forward to seeing you there.

Sincerely,

Glenn Jarvis, Esq.
Program Co-Chair

John W. Shomaker, PhD
Program Co-Chair
