Dear Colleague:

As scientific consensus builds on the impacts of humans on global warming, and federal, state and local governments continue to seek policy solutions to the threat of climate change, your clients need up-to-date answers to how they will be affected.

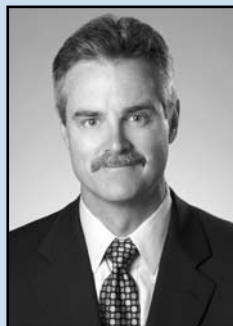

That's why we have gathered leading experts from California and across the nation to give you straightforward, practical advice for navigating this newly emerging area of national interest.

You'll hear how California's AB 32 and other regulatory schemes are being implemented, how California fits into federal and international efforts, what litigation strategies are being developed, and how you and your clients can maximize your business strategies.

If you already practice in this exciting area of law, or would like an in-depth overview, you cannot afford to miss this Conference! We hope to see you in February.

Sincerely,

Christopher J. McNevin, Esq., Program Chair
Pillsbury Winthrop Shaw Pittman, Los Angeles

<p>Program Chair</p> <p>Christopher J. McNevin is the co-leader of his firm's Environmental Litigation team, focusing on litigation, counseling, climate change issues, and other environmental issues. He also practices in his firm's Climate Change & Sustainability Group.</p>	<p>Faculty Members</p> <p>Matthew H. Ahrens focuses primarily on transactional work, environmental permitting and regulatory compliance within his firm's Environment, Land and Resources Department.</p> <p>Daniel R. Cayan has a background in meteorology and oceanography. He works on improving climate and extended weather forecasts in the California region.</p> <p>Mark E. Elliott focuses on environmental litigation, including hazardous materials, soil, water and air quality issues. He practices in his firm's Climate Change and Sustainability Group.</p> <p>Björn Fischer is an economist and analyst with more than 12 years' experience in the private and nonprofit sectors. He leads U.S. activities for his company.</p> <p>Arthur J. Friedman practices land use and commercial litigation. He has extensive experience representing developers in litigation brought under CEQA.</p> <p>Peter C. Fusaro has 32 years of experience in the global energy industry and he is an international expert on oil, gas, electric power, and environmental financial markets.</p> <p>Alicia Guerra practices land use, natural resources and environmental law. She has broad experience, including CEQA, NEPA, ESA and Clean Water Act matters.</p> <p>Kevin T. Haroff focuses on environmental law, litigation and enforcement cases. <i>San Jose Magazine</i> has named him one of Silicon Valley's leading environmental lawyers.</p> <p>K. Russell LaMotte represents clients regarding global and regional regulatory regimes. He served as a U.S. negotiator at several of the Kyoto Protocol implementation meetings.</p>	<p>Joel H. Mack is a member of his firm's interdepartmental Energy Practice Group and the Environment, Land & Resources Department. He also handles M&A and finance transactions.</p> <p>Anne McQueen has over 18 years of experience managing projects in air quality permitting, air pollution control, CEQA air quality analysis, litigation support and related activities.</p> <p>Wes Miller brings to market carbon offset projects. He previously was President of Emissions Exchange and was recognized as a leading authority on trading and pricing practices.</p> <p>Robert J. Noun directs the government relations and congressional liaison activities for his laboratory. He previously managed the NREL Wind Energy Research Program.</p> <p>David Pettit is the Director of the Southern California Air Quality Program for his council. He focuses on litigation and advocacy regarding air quality and in associated areas.</p> <p>Janill Richards has been in her position since 1998. Her assignments have covered hazardous wastes, water quality, CEQA, NEPA, energy efficiency standards, and global warming issues.</p> <p>Marc Stuart is a co-founder of his company, which was named the world's leading Greenhouse Gas advisory firm by readers of <i>Environmental Finance</i> from 2001-2006.</p> <p>V. John White has been a leader of the clean energy movement in California for 35 years. He was chief consultant to the California Assembly Subcommittee on Air Quality, and he leads an environmental and energy lobbying practice.</p> <p>J. Craig Williams is the founding member of his firm, where he emphasizes complex business litigation in the areas of environmental and land use law.</p>
<p>Featured Speakers</p> <p>Linda S. Adams, Keynote Speaker, was appointed to her position in 2006 by Governor Schwarzenegger and is the first woman to serve in this role. She oversees the environmental activities of the Air Resources Board, State Water Resources Control Board, and Office of Environmental Health Hazard Assessment, among others. She previously served as Director of the California Department of Water Resources, as a member of the Central Valley Regional Water Quality Control Board, and as Chief Deputy Legislative Secretary to Governor Davis.</p> <p>Mary D. Nichols, Keynote Speaker, was appointed to her position in 2007. She returns to the Air Board 30 years after serving as the Chairman under Governor Jerry Brown from 1978 to 1983. As one of California's first environmental lawyers, she initiated precedent-setting test cases under the Federal Clean Air Act and California air quality laws while with the Center for Law in the Public Interest.</p> <p>Nancy Sutley, Featured Presenter, serves as the Mayor's appointment to the Board of Directors for the Metropolitan Water District of Southern California. She has also served on the California State Water Resource Control Board, as Governor Gray Davis' Energy Advisor, as Deputy Secretary for Policy and Intergovernmental Relations within Cal/EPA, as Senior Policy Advisor to EPA's Region 9, and as Special Assistant to the Administrator at the Federal EPA.</p>
