Dear Colleague:

You need to be able to navigate the issues and chart a successful course for your projects whether you practice in the water resources field every day or every now and then.

Join us for CLE International's 18th Annual Conference, and you'll get the inside information you need to understand the evolving issues for water users in Utah. You'll hear from experts in the field on topics such as:

- Water Rights and Water Quality Updates
- Due Diligence and Water Rights
- Evaluating and Quantifying Water Rights in Change Application and Other Administrative Water Right Proceedings
- Update on the Snake Valley Groundwater Agreement
- Recreational Access in State Waters on Private Land
- How Do the Public Trust Doctrine and Public Interest Apply to Utah Water Right Applications?
- The Top Water Quality Issues of 2010
- Clean Water Act § 404 Permitting and Application Issues
- The Latest Developments in NEPA and What They Mean for Water Law
- The Revised Spill Prevention, Control, and Countermeasure Regulations
- Aerial Deposition and Clean Water Act Permitting
- Evaluating Groundwater Quality Data

You will also gain practical insights, tips, and strategies to help you deal with the complex issues you face throughout the year. Plus, you'll get two days to join your colleagues for great networking opportunities.

We look forward to seeing you in October!

Sincerely,

H. Michael Keller, Esq.
