## The Endangered Species Act

# meet your faculty

<p><b>Program Chair</b></p> <p><b>Todd Sumner</b> focuses on all aspects of environmental law, including endangered species, wetland permitting and mitigation, and coastal construction and redevelopment. He represents clients on wetland permitting and endangered species issues before all federal, state and regional agencies.</p>	<p><b>Mark Arthur Brown</b> represents federal agencies and is responsible for all phases of wildlife and fisheries-related civil litigation.</p> <p><b>Christy Brush</b> has a background in marine science and planning, and has secured permits for her clients' projects in the coastal and marine environment. She has experience in endangered species protection.</p>	<p><b>Ann Marie Maharaj</b> represents the U.S. Fish and Wildlife Service in the Section 7 ESA consultation process for renourishment projects. Prior to entering the Service, she conducted research on sea turtles for six years.</p>
<p><b>Keynote Presenter</b></p> <p><b>Sam D. Hamilton</b> leads the Service's Southeast Region. He also oversees the management of 125 national wildlife refuges covering more than 3.5 million acres, 14 national fish hatcheries, five fishery assistance offices, 16 ecological services field offices, and 38 law enforcement offices.</p>	<p><b>Edward Cronyn</b> supervises the review of permits for projects in several Florida counties. He represented SFWMD on the team that developed the Uniform Mitigation Assessment Method.</p> <p><b>Donald R. Deis</b> has more than 26 years of experience as an environmental consultant to industry and government. As a coastal ecologist, he has particular interest in hard bottom (reef) and seagrass habitats.</p>	<p><b>Allen McReynolds</b> has been engaged in various aspects of real estate development and public lands acquisition and restoration for over 20 years. His current project, The Washington Loop Preserve, is a multi-species conservation bank.</p> <p><b>L. Thomas Roberts</b> has more than 14 years of experience in the assessment and mitigation of environmental issues associated with roadway corridors, land development projects and other projects involving impacts to natural lands.</p>
<p><b>Gary Appleton</b> is involved in all aspects of sea turtle conservation and policy, and is a registered lobbyist. He monitors the laws and regulations impacting coastal policies and sea turtles.</p> <p><b>Michael R. Barnett</b> joined the Bureau in 2003. He was previously a consultant in the private sector for 12 years and was also the Coastal Engineering Specialist for the Florida Sea Grant Program.</p> <p><b>James W. Beever, III</b>, coordinates regional wildlife habitat planning, reviews DRIs, Comprehensive Plans, FDEP/WMD/USACOE and permits. He is also responsible for wildlife resource inventory, wildlife management planning and research.</p> <p><b>David Bernhart</b> is a biologist with the National Marine Fisheries Service. He has made extensive and innovative contributions to the conservation of endangered and threatened sea turtles.</p> <p><b>Paul Boudreaux</b> has taught property, torts, environmental law, natural resources law, land use law, water law, and administrative law. He has published many articles on these issues.</p>	<p><b>Roy S. DeLotelle</b> has studied the management strategies and recovery of the red-cockaded woodpecker, and is a frequent author and speaker on all aspects of the species.</p> <p><b>Joseph Fleming</b> is an experienced litigator who represents a diverse group of clients. He is listed in <i>Best Lawyers in America</i> and has been recognized as one of the "Top Lawyers in South Florida," <i>South Florida Legal Guide</i>, 2004-2005.</p> <p><b>Kevin S. Hennessy</b> practices environmental and land use law, and matters concerning agency enforcement, permitting, water rights, hazardous waste, wetlands, coastal construction, and eminent domain.</p> <p><b>Stephen Higgins</b> has worked for Broward County for 25 years and now manages beach erosion control and marine conservation. He is a past Chair of the Florida Shore and Beach Preservation Association.</p> <p><b>Sarah Laroque</b> has 18 years' experience in the environmental field, which includes wetland delineation and evaluation, biological and ecological assessments, permitting and permit compliance and wetland compensation.</p>	<p><b>J.B. Ruhl</b> is a nationally regarded expert in endangered species protection, wetlands regulation, ecosystem management and environmental and natural resources law. He has published extensively in these areas.</p> <p><b>John F. Studt</b> administers the Corps' Regulatory Program in south Florida. He formerly served as the National Program Manager in the Office of the Assistant Secretary of the Army.</p> <p><b>Dan Sullivan</b> administers the listing process and the Section 6 Cooperative Agreement, supervises listed species permitting, and provides technical assistance to landowners and other agencies.</p> <p><b>Jeff Tabar</b> is a Senior Project Manager at PBS&amp;J in Tampa. He was previously the Indian River County Coastal Engineer, and was also with Woods Hole Group, an environmental consulting firm.</p> <p><b>Robbin Trindell</b> administers Florida's Marine Turtle Protection program, where she works closely with the government and the community to ensure that sea turtles are protected during state-authorized activities.</p>

# conference information
